

To the Board of Commissioners
First 5 Riverside County Children and Families Commission
Riverside, California

We have audited the financial statements of the governmental activities and general fund of the First 5 Riverside County Children and Families Commission (the Commission), a component unit of the County of Riverside, California, for the year ended June 30, 2015. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 13, 2015. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Commission are described in Note 1 to the financial statements. As described in Note 1 to the financial statements, the Commission adopted Governmental Accounting Standards Board (GASB) Statements No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*, and No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB 68*, effective July 1, 2014. Accordingly, the cumulative effect of the accounting change as of the beginning of the year is reported in Note 16 of the financial statements. We noted no transactions entered into by the Commission during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the Commission's financial statements were management's estimate of:

- Fair value of investments is based on information provided by the County Treasurer,
- Amounts related to the net pension liability, related deferred inflows of resources and deferred outflows of resources, pension expense, and disclosures, are based on actuarial valuations and a proportionate share of the collective net pension liability of the County of Riverside's miscellaneous agent employer plan.

We evaluated the key factors and assumptions used to develop the estimates in determining that they were reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of the Commission's defined benefit pension plan, net pension liability and related deferred inflows of resources and deferred outflows of resources in Note 12 to the financial statements. The valuation of the net pension liability and related deferred outflows (inflows) of resources are sensitive to the underlying actuarial assumptions used including, but not limited to, the investment rate of return and discount rate, and the Commission's proportionate share of the County's collective net pension liability. As disclosed in Note 12, a 1% increase or decrease in the discount rate has a material effect on the Commission's net pension liability.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 22, 2015.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Commission's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Commission's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to management's discussion and analysis, schedule of proportionate share of the net pension liability, schedule of contributions, and budgetary comparison information, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the CARES Plus and Child Signature Program Schedules and the Local Match Schedule (the Program Schedules), which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on the introductory and statistical sections, which accompany the financial statements but are not RSI. We did not audit or perform other procedures on this other information and we do not express an opinion or provide any assurance on it.

Restriction on Use

This information is intended solely for the use of the Board of Commissioners and management of the First 5 Riverside County Children and Families Commission and is not intended to be, and should not be, used by anyone other than these specified parties.
