Deputy Director

Did you know that the first five years of a child's life are the most critical in building a strong foundation for future development?

Research shows that the experiences a child has during that time profoundly impacts their future.

The Riverside County Children & Families Commission, also known as First 5 Riverside, is a division of the Riverside County Department of Public Social Services. It distributes funding generated from tobacco taxes among services designed to help children through age 5 develop a strong foundation for success in school and throughout their lives. In addition to funding services, First 5 Riverside supports sustainability efforts to help agencies find ways to maintain critical services despite diminishing Proposition 10 funding.

¿Sabía que los cinco primeros años de vida de un niño son los más importantes en la construcción de una base sólida para el futuro desarrollo?

Las investigaciones demuestran que las experiencias que un niño tiene durante ese tiempo profundamente afectan su futuro.

La Comisión de Condado de Riverside y las Familias, mejor conocido como Primeros 5 Riverside, fue establecidas hace 10 años y ahora es una agencia pública bajo el Departamento de Servicios Públicos Sociales del Condado de Riverside. El es supervisar para los ingresos fiscales del tabaco generados de la proposición 10 para ayudar a niños hasta 5 años de edad a ser exitosos en la escuela y a lo largo de su futuro.
