

FOR IMMEDIATE RELEASE

New First 5 Riverside Commissioners Announced

(JAN. 27, 2010) RIVERSIDE, CA — Seven new individuals will join the Riverside County Children & Families Commission, also known as First 5 Riverside, effective Feb. 1. Three appointments are pending and expected to be approved soon.

Changing the Commission make-up was part of Riverside County Board of Supervisor restructuring plans, which included incorporating First 5 Riverside as a division of the Department of Public Social Services last year.

The new commission now includes alternate commissioners, most of who will also serve on an Advisory Committee to the Commission. Each Supervisor appoints one commissioner and one alternate. In addition, there is an ‘at large’ commissioner and alternate, a member of the Board of Supervisors, an individual responsible for management of specifically identified County functions and the County Health Officer. Proposition 10, the California Children and Families Act of 1998, is the governing legislation that defines specific categorical criteria for Commissioners that apply to the Alternates as well.

“I am pleased with the composition of our new Commission, and look forward to working with them,” said Harry Freedman, executive director of First 5 Riverside. “We all share an appreciation for the efforts of the current Commission. They have provided significant leadership and contributions to improving the status of Riverside County children and families.

The Riverside County Children & Families Commission now includes:
